

Now is your time to shine...
Take the next step with
Board Certification!

You have a lot to offer the world outside of the classroom. We are here to help you do just that! As a Board Certified Massage Therapist, you prove to both the profession and the public that you are more than an entry-level therapist—complete with education, experience, a CPR certification, and a background check.

Plan for your future now! Register for your BCETMB exam while the information you've learned is still fresh. The best part? You graduate with the knowledge to pass both your entry-level licensure exam, as well as your higher level Board Certification exam. It doesn't get better than that!

Remember: Prepare for your licensure and certification exams with a single study tool!

NCBTMB's Online Practice Exam will help you make the grade with over 3,000+ practice questions.
